20 December 1971

MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Science and Technology
Director of National Estimates

SUBJECT: Notes on the First Meeting of the NSCIC
Working Group

1. I am attaching notes on the first meeting of the Working Group held on the 13th of December.

2. In sending these notes out to the other members, I have asked that their contributions be sent in by 12 January. If this is done, we should be able to have another meeting very shortly after Andy Marshall's PCS return to Washington on 17 January. I would assume a meeting of the parent committee will follow shortly thereafter. As you may know, I have already received from Paul Walsh a list of types of publications for use by CIA and a brief description of how topics are selected. If any of you, between now and 12 January, have ideas or suggestions with respect to first steps in product evaluation, I would be very glad to have them. In this Staff, we are putting together a short paper on the community requirement system and I will try to circulate drafts early in January.

(Signed) Bronson Tweedy
